The Data Controller is SANGALLI SERVOMOTORI S.r.l., represented by its legal representative, with registered office and processing facility at VIA F. ROSSI, 5- 20900, MONZA. You can contact the Data Controller at the email address MASSIMO@SANGALLISERVOMOTORI.IT or by writing to the above-mentioned company address.

The Data Controller guarantees the security, confidentiality, and protection of the personal data it holds, at any stage of the data processing process. The personal data collected is used in compliance with the principles of lawfulness, fairness, transparency, and relevance, and in accordance with the GDPR.

Purpose of the processing

Your personal data will be processed for the following purposes:

- 1) Execution of obligations deriving from a contract of which you are a party or to fulfill, before or after the execution of the contract, your specific requests;
- 2) Administrative and accounting obligations, such as management of accounting and treasury as well as invoicing (e.g., verification and registration of invoices), in compliance with current legislation;
- 3) Compliance with obligations provided for by law, regulations, community regulations, or an order of the Authority.

Your data will not be used for different or additional purposes than those described in this notice, unless you are previously informed and, if necessary, obtain your consent.

Legal basis for the processing

The legal basis for the processing of data for the above purposes consists of the execution of a contract of which you are a party or the pre-contractual measures adopted at your request or to comply with a legal obligation or to protect our legitimate interest (e.g., pursuit of statutory purposes or, if necessary, to exercise and/or defend the Company's rights in court). The provision of data for obligations required and sanctioned by law is mandatory; for the rest, the provision of data is optional but necessary and any refusal on your part will make it impossible for the Data Controller to follow up on the established relationship, its punctual execution, and assistance services.

Processing methods

The processing of your personal data is carried out both with paper-based and electronic/informatic/telematic means by means of the operations indicated in art. 4 no. 2) GDPR, namely: collection, recording, organization, storage, consultation, processing, modification, selection, extraction, comparison, use, interconnection, blocking, communication, deletion, and destruction of data.
